

Jay -
Thank you extremely much for your generous support of our farm. The pullets were obviously raised with lots of gentle care - They are wonderfully friendly. Thank you for selling the extra pullets for us. It greatly reduced our pullet cost, improving our egg economics. I am glad you enjoy our chickens, duck, and salad dressing. I know you have other farmers you can purchase from so really appreciate your business. Finally, thank you and your crew for the excellent service you give us.

Sincerely,
Beth Spangh
