Feeding Directions

Feeding and Management

SWEETLIX® 16:8 Meat Maker® is a 2:1 calcium to phosphorus mineral scientifically formulated to be self- fed to goats on pasture. **SWEETLIX® 16:8 Meat Maker®** helps goats attain maximum performance by providing a complete vitamin and trace mineral supplement, which includes copper and selenium, designed especially for the needs of meat goats. High quality ingredients are selected to deliver optimal nutrition to your goats.

SWEETLIX® 16:8 Meat Maker® should be self- fed as the sole self- fed source of salt and minerals at the rate of 0.3 to 0.5 ounce per head per day. When consumed at this rate, **SWEETLIX® 16:8 Meat Maker®** will provide 0.4 to 0.7 mg selenium.

Provide at least 1 mineral feeder per 10 head of goats for access purposes. Locate mineral feeders near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the goats.

For additional information, please contact your SWEETLIX® representative

CAUTION: Consumption of selenium should not exceed 0.7 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.
